BASEBALL AND FASTPITCH

OUR PATH TO BECOMING THE UNDISPUTED LE

2004

Marucci Bat Company is founded in a backyard shed, with a flawless piece of maple and a commitment to consistency and craftsmanship.

2009

Building on the success of its wood bats in the Big League, Marucci Sports is founded

Marucci Sports acquires Marucci Bat Company in 2011.

2017

Marucci Sports acquires Victus Sports, securing over 50% of Big League bat market share.

EADER INSIDE AND OUTSIDE THE WHITE LINES

2019

Game-changing C•MOD technology leads to the acquisition of Carpenter Trade.

CARPENTER

2020

COMPASS DIVERSIFIED

Marucci Sports acquired by Compass Diversified to position the brands for meteoric growth.

2021

Marucci Sports acquires Lizard Skins, the market-leader in bat grips, as well as cycling, team and power sports accessories.

Palmetto Series

WE OWE IT TO THE GAME TO CHALLENGE CONVENTION AND
LEVERAGE TECHNOLOGY TO POWER A NEW LEVEL OF PERFORMANCE.
WE KNOW WHAT IT TAKES BECAUSE WE'VE STOOD WHERE YOU STAND.

OUR PASSION MERITS A NEW SET OF STANDARDS.
WE DON'T TAKE THE EASY ROUTE. WE CARVE THE RIGHT PATH FORWARD.
WE DON'T FOLLOW THE CROWD. WE'RE HEADED UPSTREAM.
WE DON'T GIVE OTHERS TIME TO CATCH UP. **WE WIDEN THE GAP.**

MARUCCI STARTED WITH A FLAWLESS PIECE OF MAPLE AND HAS EVOLVED
INTO A LEADER IN SPORTS PERFORMANCE. TAKING **OUR** APPROACH
TO A PROCESS THAT WASN'T BROKEN AND LEAVING OUR MARK.
WE BELIEVE THE NEXT CHAPTER OF THIS STORY IS TO BRING OUR PASSION
FOR INNOVATION, PUSHING BOUNDARIES AND TESTING THE LIMITS,
TO EVERYTHING WE DO. THE RESULT IS INDUSTRY-LEADING PRODUCTS THAT
FUEL THE ATHLETES WHO TRUST US WHEN THE LIGHTS ARE THE BRIGHTEST.

WE'RE FOCUSED ON THE JOURNEY, *AND* THE DESTINATION.
THE OUTCOME, BUT MORE IMPORTANTLY, THE ATHLETE.
WE ARE PROUD TO EARN OUR PLACE IN YOUR GAME.
OUR GOAL IS GREATNESS, AND THE JOURNEY TO GREATNESS NEVER ENDS.

FRANCHISE CLUB
ORGANIZATIONS

The Franchise Club is home to 22 elite travel ball organizations from across the country who trusted Marucci as their partner from the beginning. After years of assisting each other achieve organizational goals, this inaugural group of Founders' Club organizations were elevated to the Franchise Club as the relationship evolved into a deeper commitment. Each organization exemplifies the values of Marucci and has been granted exclusive benefits.

FOUNDERS' CLUB
ORGANIZATIONS

The Founders' Club is an elite alliance of some of the nation's premier amateur baseball programs selected by Marucci for their dedication to excellence on and off the field, reputation as a positive influence in their community, and commitment to growing their organization and, in turn, the Marucci mission.

TREA TURNER

TVT | PRO MODEL

MVE3TVT-MBK/SM	SIZES 31-34"

30 DAY

- Knob: Tapered
- Handle: Thin
- Barrel: Medium/Large
- Feel: End-loaded
- Handcrafted from top-quality maple
- Bone rubbed for ultimate wood density
- Great transition bat from aluminum to wood
- Big League-grade ink dot certified

TVT PRO MODEL

Traditional Knob	Tapered Knob
Thin Handle	Large Handle
Small Barrel	Large Barrel
Balanced	End-loaded

This bat is made for getting on base. Marucci Partner Trea Turner's TVT Pro Model was inspired by his quick play style and is crafted for contact. This model features a large barrel, thin handle and a tapered knob that gives it an end-loaded feel and increased bottom hand control. Made for hitters who love covering all areas of the strike zone.

• 30-day warranty included on all Pro Model maple bats.

GLEY25
PRO MODEL

GLEY25 | PRO MODEL

MVE3GLEY25-CH/BK	SIZES 31-34"

30 DAY

- Knob: Traditional
- Handle: Thin
- Barrel: Large/Long
- Feel: Slightly End-loaded
- Handcrafted from top-quality maple
- Bone rubbed for ultimate wood density
- Great transition bat from aluminum to wood
- Big League-grade ink dot certified

GLEY25 PRO MODEL

Traditional Knob	Tapered Knob
Thin Handle	Large Handle
Small Barrel	Large Barrel
Balanced	End-loaded

Inspired by Gleyber Torres' flash in the box, the Gleyber Torres GLEY25 Pro Model is crafted for spreading the field. Featuring a traditional knob and thin handle, the GLEY25 provides a slightly end-loaded feel made for crushing the baseball.

- 30-day warranty included on all Pro Model maple bats.

FREEMAN5

PRO MODEL

FREDDIE FREEMAN

FREEMAN5 | PRO MODEL

PRO CUT

PROFESSIONAL CUT

MBMPCUSA	SIZES 31-34"

Orders from professional players are handcrafted to their exact specifications, or preferred cut. During production, if any bat in their order doesn't match their desired specs, that bat is pulled and sold as a "Professional Cut."

Pro Cuts are not "blem" bats; they simply did not match what the player requested. Customers can choose their length and color, but Pro Cuts cannot be selected by model.

- 30-day warranty included on all Pro Model maple bats.

BASEBALL · PERFORMANCE · LAB

Baseball Performance Lab takes a scientifically based approach to both player performance and product development. Together, Marucci and BPL provide the most efficient and data-driven player development experience and lead the charge in matching the bat to the player.

Collecting data on the best players in the game has translated into quantifiable improvements to our metal bats. This innovation extension positions us to be the leaders in the science of sports.

1.15 BPF MDX COMPOSITE S-40 HANDLE OLS

MDX COMPOSITE

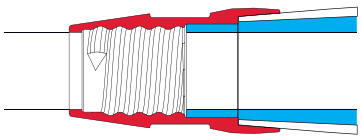
Using advanced aerospace-grade carbon fiber composites and proprietary resin formula, the MDX barrel has a multi-directional pattern that produces an ultra-responsive barrel.

S-40 HANDLE

The stiffer S-40 Composite handle helps to transfer more energy faster from player to ball for more performance.

OLS OUTER-LOCKING SYSTEM

One-of-a-kind design creates the stiffest connection available, while dismissing virtually all vibrations on contact for the strongest, smoothest swing yet.



Fine-tuned barrel profiles create a more balanced design, helping athletes generate faster swing speeds while maintaining the larger composite barrels.

Ergonomically designed handle taper for each weight drop allows for a better fit, more bat control, and a better overall feel between athlete and bat. (excludes JBB & tee ball)

*Disclaimer: CATX Composite Tee Ball bat does not reflect the same tech as all other CATX Composite bats.

• All two-piece composite bats have a one-year warranty.

1.15 AZR MVWD S-40 OLS

AZR ALLOY

A complex combination of thermal treatment processes strengthens the alloy for a more responsive, forgiving feel.

MVWD

MULTI-VARIABLE WALL DESIGN

Multi-variable wall design creates an expanded sweet spot and thinner barrel walls that are more forgiving after off-centered contact.

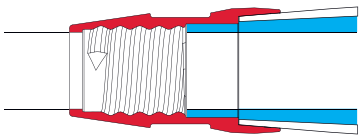
S-40 HANDLE

The stiffer S-40 Composite handle helps to transfer more energy faster from player to ball for more performance.

OLS

OUTER-LOCKING SYSTEM

One-of-a-kind design creates the stiffest connection available, while dismissing virtually all vibrations on contact for the strongest, smoothest swing yet.



New barrel profiles more evenly distribute the mass of the ring-free, multi-variable wall design across the entire barrel for a wider, more consistent sweet spot.

Tightened production tolerances allow barrel diameters to be built to the maximum limit, creating more surface area and higher overall performance.

Ergonomically designed handle taper for each weight drop allows for a better fit, more bat control, and a better overall feel between athlete and bat.

• All aluminum bats have a one-year warranty.

• Intended for coach pitch — recommended for ages 5-7.

1.15 AZ105 MVWD AV2

AZ105 ALLOY

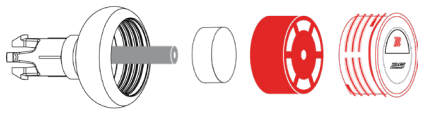
The strongest aluminum in the Marucci bat line allows for thinner barrel walls, a higher response rate and better durability.

MVWD MULTI-VARIABLE WALL DESIGN

Multi-variable wall design creates an expanded sweet spot and thinner barrel walls that are more forgiving after off-centered contact.

AV2 ANTI-VIBRATION KNOB

Second-generation AV2 Anti-Vibration Knob features an upgraded, finely tuned harmonic dampening system for better feel and less negative vibrational feedback.



• All aluminum bats have a one-year warranty.

ON-FIELD TECHNOLOGY

WHY ARE NON-POLARIZED LENSES BETTER FOR BASEBALL AND FASTPITCH?

Polarized lenses distort depth perception and flatten out a player's field of view, reducing clarity and making it more difficult to track the spin, flight and movement of the ball.

DO I WANT GREEN OR VIOLET BASE LENSES?

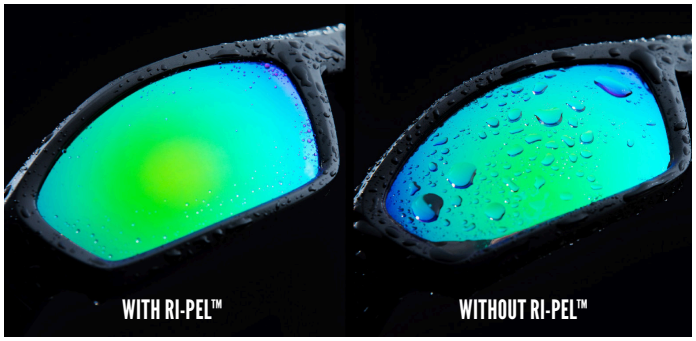
Green base lenses allow true color recognition while tracking the ball against green grass and blue sky.

Violet base lenses deliver maximum color contrast for the brightest field of vision to track the ball in all lighting conditions.

IMPACTO LENS TECHNOLOGY

MIRRORED LENS

Lenses tested by Zeiss to provide the highest level of protection against ball impact or collision.



RI-PEL™

COATING TECHNOLOGY

Ri-Pel™ is an easy-to-clean, transparent, permanent, hydrophobic and oleophobic coating engineered to provide protection from dirt, sweat and the elements, making lenses ideal for sport and everyday use.

LIFESTYLE TECHNOLOGY

WHY DOES THE LIFESTYLE COLLECTION HAVE POLARIZED LENSES?

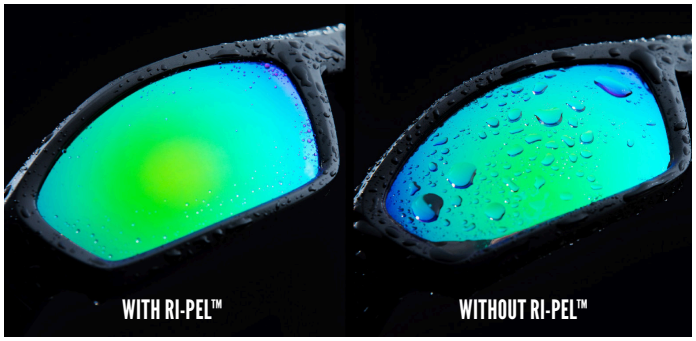
Polarized lenses provide superior glare protection, especially on the water, which offers greater eye comfort.

WHAT'S THE DIFFERENCE BETWEEN BASE LENS COLORS?

Dark grey base lenses are a neutral tint and allow the eyes to perceive colors in their truest form, while reducing brightness and glare.

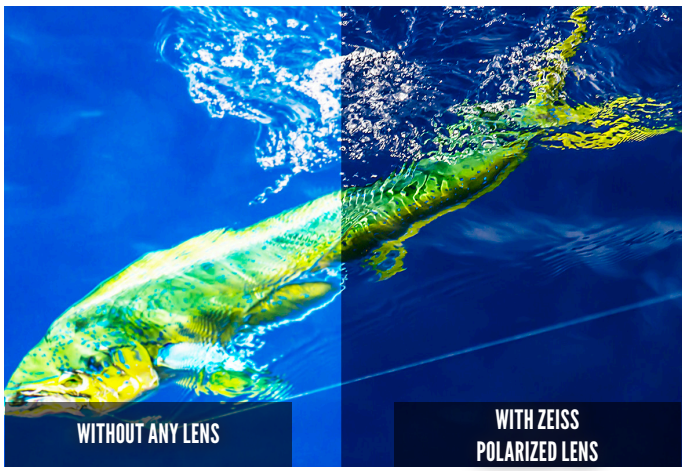
Amber/Brown base lenses reduce glare and blue light, allowing high-contrast visibility and perception of details in bright light conditions.

Rose base lenses are enhanced brown lenses that reduce glare and a portion of blue light. They brighten vision and contrast in low lighting like cloudy days.



RI-PEL™ COATING TECHNOLOGY

Ri-Pel™ is an easy-to-clean, transparent, permanent, hydrophobic and oleophobic coating engineered to provide protection from dirt, sweat and the elements, making lenses ideal for sport and everyday use.



PIATTO | LIFESTYLE | SUNGLASSES

MSNPIATTO	59-15-140 FRAME

- Polarized lenses provide anti-glare visibility and comfort
- Lightweight nylon lenses eliminate distortion while providing the sharpest range of vision
- Ri-Pel™ scratch-resistant lens coating repels dirt, oil and water for use in all weather conditions
- Sturdy frames offer a secure fit and provide all-day comfort during outdoor activities
- Rubberized temple tips and nose pad provide additional comfort and a more secure fit
- Lenses by Carl Zeiss Vision deliver optimal visual precision
- 100% UV protection from the sun's harmful rays

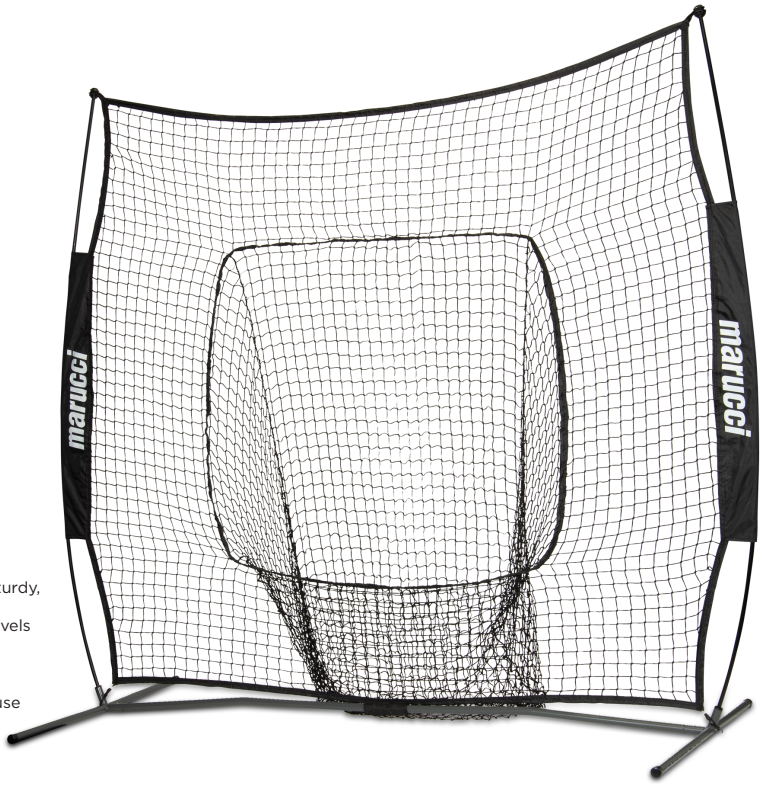
PRO-STYLE BATTING TEE

MOPSBT-OS	24.5″ - 44″ H

- Adjustable height between 24½″ and 44″
- 7 lb. weighted base for stability on both grass field and indoor
- Replaceable tee top with minimum contact to ball
- Durable injected tee top that lasts for thousands of hits and securely holds both baseballs and softballs



7X7 POP-UP NET

MOBPN-7	7′ x 7′

- Extremely durable composite and metal tube construction provides sturdy, reliable frame
- Wear-resistant net permits frequent use for teams and players at all levels
- Quick and easy set-up in under 2 minutes with no tools required
- Completely collapsible for easy teardown and cleanup
- Indoor and outdoor use
- Great for hitting and pitching drills, as well as for backstop or screen use
- Comes with high-quality carrying bag for easy portability and storage
- Ideal training tool for baseball and fastpitch
- 7 ft. x 7 ft. (49 sq. ft.)

GLOVE RUB

MOGLVRB-OS	2 oz.

- All-natural blend of shea butter, oil, lanolin and beeswax
- Softens and protects glove
- 2 oz. tin

GLOVE MALLET

MGLVMALLET	14 in.

- Handcrafted Marucci wood glove mallet
- For breaking in and forming glove pocket

PINE TAR STICK

MPINESTK	2 oz.

- Big League-preferred grip enhancer
- 2 oz. tube is over 3x larger than most other eye black sticks
- Retractable tube for easy application
- Snap-tight cap to keep stick fresh

GRIP STICK

MGRIPSTK	4 oz.

- Pine tar-based grip enhancer formulated with 100% genuine pine tar
- Twist the bottom wheel of the tube to expose product
- Apply a consistent coat around bat's taper for added tack and control

HITTER'S GRIP SPRAY

MHITGRIPSPRY	4 oz. (114 g)

- Premium gripping power
- Stays tacky even when wet
- Invisible spray can be applied to bat or batting gloves

PRO ROSIN BAG

MPROROSIN	1 lb.

- Large, pro-inspired cloth sock
- Used by pitchers and hitters for enhanced gripping power
- 100% genuine rock rosin

ONE-HAND TRAINER | BAT

MONEHANDTB	25 in.

- Traditional knob
- Thick handle
- 2 ¼" barrel
- Handcrafted from top-quality maple
- Bone rubbed for ultimate wood density

V.B.L.
BAT LAB
IN CASE OF SLUMP BREAK GLASS
JS
Victus
PRO HARD GLOSS
V-CUT
victus

When we started this in our garage in 2012, we wanted to do one thing: make wooden bats that baseball players love. Bats that felt good to swing. Bats that we were proud to hand to our friends.

Those hungry days of sweat and sawdust paid off big. When Bryce put on a show for the history books in the derby a few years back, it put us on the map. The "V" became synonymous with the best bats in baseball. We had MVPs to world champions stepping into the box with a Victus in their hand year after year. Eventually, batting titles became an expectation instead of a goal. With every new product we put out, we want to leave our mark on the game and equip the next generation of players, like Fernando Tatís Jr., with the tools to leave theirs.

It may seem crazy, but it's not. Not when everything we make gets crafted with an obsession for quality and feel that only baseball players understand. We'll never give that up.

We're still evolving as a brand with new product lines and new offerings each season. From stepping into the world of aluminum to apparel built for ballplayers, we've become more than just a wooden bat company. But as we continue to grow, we'll never forget where we came from. We'll never forget what it means to be Victus Made.

– Jared + Ryan

BUILT FOR BALLPLAYERS

AT VICTUS, OUR FOCUS HAS ALWAYS BEEN ON PUSHING THE GAME FORWARD WITH DESIGN-DRIVEN CRAFTSMANSHIP AND AN UNPRECEDENTED COMMITMENT TO PERFORMANCE-BASED QUALITY. WITH EACH AND EVERY NEW PRODUCT, WE CONTINUE TO EMBRACE THE EVOLUTION OF THE GAME AND SALUTE THE NEXT GENERATION OF PLAYERS WHO SET OUT TO CHANGE IT.

JC24
PRO RESERVE

The JC24 is arguably the most well-balanced and most durable bat we produce, constructed similarly to the C271 but thicker in areas essential to keeping a wood bat in one piece. The slightly flared knob provides a comfortable resting spot for your bottom hand. If you're making the transition from metal bats to wood bats, the JC24 is for you. It's even better for contact hitters who consistently drive the ball deep in the gaps.

Lizard Skins

ENHANCE THE GAME

Founded in 1993, Lizard Skins launched into the cycling industry with innovative accessories designed to protect the bike and the rider. Lizard Skins developed expertise with the hand to grip interface, creating the edge to be able to effectively respond to the needs of players in team sports. In 2012, the company expanded into the baseball industry incorporating their Durasoft Poylmer (DSP) material to create the best and most state of the art bat grip on the market. Lizard Skins entered a licensing agreement with *MLB*™ in 2016, and became the Official Bat Grip of *Major League Baseball*™. In 2021, Lizard Skins was acquired by Marucci Sports, thereby joining forces with the number one wood bat in *MLB*™.

BAT GRIP COLLECTION

Every baseball player knows that one of the most important things to hitting is how you connect with the bat. A proper grip can help improve your game. Lizard Skins starts with performance in mind. The key ingredients are formula, pattern and thickness. Our formula is key to that first impression. It's that combination of softness and tackiness that plays with your senses. A heightened awareness of your connection with the bat. Our strategic pattern creates a level of tackiness optimized for baseball, ensuring non-slip performance in all weather conditions. By reducing vibration and maintaining a consistent swing at the plate, it allows players to reduce stress on the hands by relaxing their grip, while at the same time executing a controlled, comfortable, tension-free swing. Three thickness options offer players the ability to find the right balance of feedback and cushion that compliments their play at any level. The thicker you apply the tape to your bat, the more you reduce those annoying and sometimes painful bat stings. If you are looking for speed or more feedback from the bat, keep your tape thin.

Style compliments performance. Lizard Skins bat grips come in a variety of styles and colors to reflect your personality when you are in the batter's box waiting for that perfect pitch. From camo to neon and monochromatic colors, we are sure you will find more than a few colors to show off. You can even sport a specialty design or one of our Signature or Legend Series players. With so many colors to choose from, it will be easy to coordinate with your team's colors, too!

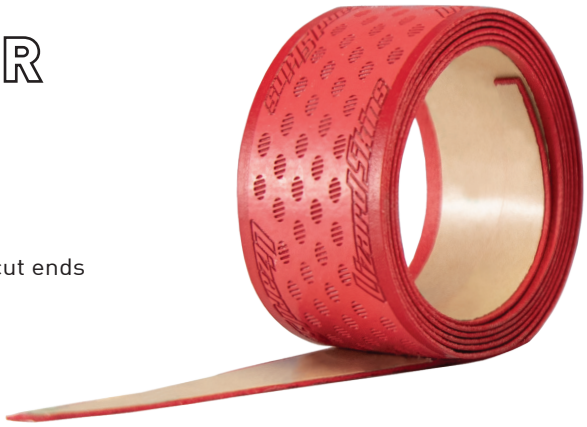
THIS GRIP, ALONE AND/OR IN COMBINATION WITH A HANDLE, MAY BE COVERED BY ONE OR MORE OF THE FOLLOWING US PATENTS:
5,374,059; 5,645,501; 5,695,418; 5,730,669; 5,797,813; 5,857,929; 5,890,972; 6,203,308; 6,244,975; 6,641,488; 6,676,534; 6,733,401; 6,815,028; and 7,195,568.
Other US applications and foreign patents and applications pending.

HOW TO CHOOSE A THICKNESS

Our expertise in grip helped us foresee that players wanted different options to customize the feel and thickness of their bat handle. Unfortunately, bat manufacturers and aftermarket grips had never specified the grip size. As a result, Lizard Skins created the thickness category. DSP Bat Grip was originally released in two different thicknesses - 1.8 mm to match average industry sizes and 1.1 mm to provide a new thinner option. After further testing, a key group of *MLB*™ players requested an even thinner grip that would provide all the same gripping properties but not increase the handle thickness. The 0.5 mm thickness was created to meet the high-performance demands of the world's most competitive athletes. All three thicknesses continue to be popular today for different preferences and skill levels.

0.5 MILLIMETER

- Top grip chosen by pros
- Ideal on wood bats
- No added thickness to the handle
- More direct feedback from the bat
- Thickness: 0.5 millimeters
- Length: 990 mm (39 inches) with pre-cut ends
- Full adhesive back
- Designed to fit any bat
- Finish Strip included



1.1 MILLIMETER

- Great all-around grip
- Balances cushion with thickness
- Highest versatility
- Great for transitioning from composite to wood
- Thickness: 1.1 millimeters
- Length: 990 mm (39 inches) with pre-cut ends
- Full adhesive back
- Designed to fit any bat
- Finish Strip included

1.8 MILLIMETER

- Industry standard thickness on stock bats
- Highest vibration dampening effect
- Confidence builder for youth
- Comfort for experienced players
- Thickness: 1.8 millimeters
- Length: 990 mm (39 inches) with pre-cut ends
- Full adhesive back
- Designed to fit any bat
- Finish Strip included

GRIP ENHANCERS

In baseball, when it comes to batting there are tons of tips and tricks to help you improve as a player, including your stance, your grip and swinging on the right pitch. As big fans of baseball, we wanted to design something special for our players, which is why we came up with a product specifically made to improve your bat grip — our Grip Boost. Aside from our wrap-around grips, we've also made a quick-drying gel to help improve a batter's grip for better bat swings, which will hopefully lead to more consistent home runs.

The Lizard Skins' Grip Boost batting gel is a clear, quick-drying, alcohol-based gel that will give you the extra grip and control you need every time you go up to bat. By applying a thin layer of this tacky polymer to the palm of your glove, you'll be surprised at how much better your grip improves without the mess of left-over residue that other grip enhancers tend to leave behind. It won't ruin your bat, ball, skin or clothes. Another great benefit of this formula is that it doesn't depend on the temperature outside and can easily be reactivated with moisture.

Once applied, you'll find that you have better control without as much pressure, which will alleviate any fatigue and even lessen the soreness that you usually get from applying a tight squeeze on your bat. More and more baseball players are preferring our gel formula as an alternative to pine tar. We promise you'll love the way this formula works with your gloves and the way you'll be able to tell the difference on your first application. Try a bottle of Lizard Skins' Grip Boost to see what a difference it can make. Each bottle has enough to share with your teammates and, if you're generous enough, even with your opponents.

BAT TAPER
STANDARD

ADDED COMFORT | **MORE CONTROL**

BAT TAPER STANDARD- BATTS100

Finally, a bat taper that is easy to install and stays in place. The standard version offers a modest taper that covers the full width of the bottom hand. Double sided adhesive included.

· Reduce stress on palm and fingers
· Improves and maintains control of bat
· Install taper under bat grip
· Designed for composite or metal bats
· Double sided adhesive included for install

BAT TAPER
FLARED

ADDED COMFORT | **MORE CONTROL**

BAT TAPER FLARED - BATTF100

In addition to easy installation and strong hold, the flared version offers a more aggressive taper that imitates the feel of a wood bat and covers the full width of the bottom hand. Double sided adhesive included.

· Reduce stress on palm and fingers
· Improves and maintains control of bat
· Install taper under bat grip
· Designed for composite or metal bats
· Double sided adhesive included for install

Lizard Skins | GRIP BOOST®

INVISIBLE.STICKY.CLEAN

The Lizard Skins Grip Boost® batting gel is a quick drying, alcohol-based gel that gives batters the extra grip and superior bat control they need without the mess of other grip enhancers. It works by applying a thin tacky polymer layer to the palm of the glove. It's clear, easy to clean and doesn't leave any residue. Performance is not dependent on temperature and the tackiness can be reactivated by moisture.

· New larger size
· 150+ applications per bottle
· Tackiness level formulated for baseball/fastpitch
· No residue on skin or clothes
· Goes on clear
· Alternative to pinetar
· Apply to batting gloves

DAVID FLETCHER//LOS ANGELES

GLOVE COLLECTION

All glove models are packed with the same technical features that lend to comfort and performance while graduated materials set them apart. Lizard Skins batting gloves and Inner Glove redefine comfort with finger articulation.
